

## **zehnder** *silent* extractor fans

Zehnder Silent 100mm extractor wall fans are 70% quieter in operation than standard axial fans. 3 year warranty.

### Operating information:

#### **Basic wall fan:**

- Single speed
- Operation by light switch or remote

#### **Timer fan:**

- Single speed, 230v
- Operation by light switch or remote switch
- Adjustable over-run timer (2-30mins) factory set at 15 minutes. When wired into room light or remote switch the fan will operate whilst the light is on and, when switched off, will run on over-run timer for the pre-set over-run period.

#### **Humidistat fan:**

- Single speed, 230v
- Automatic operation by the integrated humidistat sensor with optional manual override via remote switch
- Over-run timer cuts in once desired humidity has been reached to prevent fan 'hunting' on and off. Adjustable over-run timer (2-30mins)

#### **Timer ceiling fan:**

- Single speed, 230v
- Operation by light switch or remote switch

#### **Timer ceiling fan with light:**

- Single speed, 230v
- Operation by light switch or remote switch
- SELV 12v light fitting with white or chrome bezels
